Meat Warehouse Negotiated In Madison

Brendel Firm Obtains Park Tract for New Refrigerated Facility

A sale of a 5.6-acre tract of the St. Peter's Meats Industrial Park to the Brendel Distribution Co. of East St. Louis for a cash price of \$46,500 was approved by the Madison City Council at a meeting Tuesday night.

The firm, a new operation headed by Vincent Brendel as president, plans to operate a refrigerated warehouse for meat products which will be used as a distribution center.

The offer for the tract, described by city officials as being a prime area of the park, was the only one received following a published call for bids several weeks ago.

According to the agreement, the ability of the company to obtain a long-term loan of \$180,000 to cover construction costs within 30 days.

\$150,000 Warehouse

Proposed a new refrigeration warehouse with about 10,000 to 12,000 square feet of space to cost more than \$150,000, with the space to be increased in about five years to 30,000 square feet.

The firm, which is purchasing the Cantwell Refrigerated Hauling Co. of East St. Louis, will provide its own refrigerated truck trailers and plans to employ 15 to 20 people, officials said.

According to the agreement, the ability of the company to obtain a long-term loan of \$180,000 to cover construction costs within 30 days.

7 DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

The council voted unanimously to confirm the appointment of Senator Alton.

In discussing the Depot closing, announced March 4, coun-

cil members urged all em-

ployees to keep on the Depot "here and intact."

Alsterman Nonn commented,

"This would never have hap-

pened if Senator Dirksen were

still alive. There's politics in

this, and if ever it was time

to split up, it would be after a year of elections. The people here are upset about losing the Depot and we must do everything we can. With the present administration, we're

going to have to go to the Presi-

dent and the Senate and top

people to get it done."

With the efficient operation

of the training personnel of the

Army Depot's 50th Engineer

Detachment, aided by the sheriff's office, there

was no need to evacuate the

Mitchell area and there was no

panic. Sherman deputies and

the Army Depot's squad assisted

in the closing of the Granite City

Army Depot.

Vadalabene Winner in 53rd District Demo Senatorial Contest

Sam M. Vadalabene defeated Dick H. Mudge Jr. in Tuesday's primary for the Democratic nomination for state senator from the 53rd district.

They will be paired off in the November general election.

Meanwhile, the State House of Representatives were Democratic incumbents Horace L. Calvo and Leland J. Kennedy and Republican Robert Orlowin, who was nominated Tuesday. They will be without opposition on the November ballot for election from the 55th district.

1st Free Will Baptist Church Building New Sanctuary

The First Free Will Baptist Church of Granite City has purchased new structures on Charles street. The present basement auditorium used for services is located at 2200 Charles street. The church began as a mission in a stone building located on Main Street, which was built in 1929, and was organized from this mission on Sept. 4, 1960, with 25 charter members.

The Rev. Bob Wright was called to the first pastorate. Lester Lopatin was elected as pastor on Jan. 26, 1964, and still serves in this office.

During 1964, the church realized the need for improved facilities and began planning for a new sanctuary. The members began making plans for the building which is now under construction. The cornerstone, laid by Mrs. Gladys Beggs, began work on March 3. To finance this building, the church is issuing seven percent

general obligation bonds. Any one desiring information concerning these bonds may call 876-7484.

To commemorate Easter, the church is having a weekend service, beginning on Wednesday, March 25, with the Rev. Gene Pfeiffer of Fredericktown, Mo., as the evangelist. Services will begin at 7:30 p.m. There will also be special singing each night.

Tax Deed Petitions Being Filed by County

Madison county will file petitions Monday in circuit court to obtain tax deeds on real estate which was sold to county trustees at the delinquent tax sale in December 1969.

The petitions were prepared by the taxation committee of the county board of supervisors, headed by Gilbert Killinger, the county's agent. St. Clair County Sheriff John Marshall Smith, assistant state attorney, will file the petitions.

The suit will be filed through Miss Eulalia Hotz, county clerk.

Killinger said that about \$40,000 in delinquent taxes has been collected for the various taxing districts from the 1967 tax sale.

Parcels of property on which petitions for deed are now being filed represent less than 20% of the total parcels in the county.

Killinger said the committee feels the county should attempt to collect the remainder of the back taxes or take the

necessary steps to acquire the property.

He stressed that owners may be reassured that their property may be sold to the local county clerk if they will be required to pay an additional \$30 for the filing fee.

The county will seek that tax orders in the circuit court by June 30. After the county establishes title to the property, it will be posted for sale to place it in the hands of persons who will pay taxes.

Army Pfc William E. Brooks, 23, injured severely in Vietnam on March 8, has been removed from the seriously ill list and evicted from the U.S. Army Hospital at Yokohama, Japan. In a telephone call to his parents, Mr. and Mrs. Ardell E. Brooks, 452-3188, Waterloo, he said he is improving and hopes soon to be transferred to an Army hospital in Texas. A letter, written by a Red Cross worker, also was received this week by the family.

Mr. and Mrs. Brooks were informed by a Department of the Army telegram that their son was no longer considered in serious condition and would be evacuated to a hospital in the U.S. within the next two weeks.

The initial telegram from Army authorities reported that Pfc Brooks had been found when he crawled into a container and threw over the bunker in front of him detonated. He received second and third degree burns to 15% of his body, both hands and both forearms and the right upper arm, the communication said.

The local soldier was assigned to the 1st Battalion, 9th Artillery, in the vicinity of Tay Ninh, about 75 miles northwest of Saigon. The region is adjacent to the Cambodian border. He was engaged in artillery firing when injured.

The artilleryman entered the Army Jan. 25, 1969, and arrived in Vietnam in June. He attended Granite City High School and was employed as a machinist at Alton Mathison Corp. before joining the service.

Many Quad-Cityans Ready To Fight to Switch--Ballots

A number of Quad-Cityans were angered Tuesday when they called for one party ballot from the party they had voted nearly two years ago in the primary election. Tuesday tormented both Democrats and Republicans alike. It resulted from a state law and a change in the primary election date from June two years ago to March this year.

Many voters recall when primaries were held in April. But this time, somebody ganged.

The party affiliation change had been possible in past years, even with the required 23-month period, but the primary election date change from June to March, only 21 months, State law says a voter cannot change parties in a primary election within a period of 23 months.

"I've been disenfranchised," one local voter complained. "It's always my right to change, and I've done it often in the past."

A young woman who voted for the first time in the primary of 1968 discovered her party affiliation had been listed in error

in the precinct registration book. Her proper party was on record at the office of County Clerk Miss Eulalia Hotz, but the polling place judges, she said, refused to call Miss Hotz for verification.

"I took the other ballot and started to mark it, but as I became more and more angered and just turned it in, I thought, 'I'm going to be done about this, so I might as well rig it,'" she commented.

A spokesman for a family of four Republicans, who were disenchanted with the 1968 GOP ballot, said they just didn't vote Tuesday. "We wanted to vote Republican, but we knew we couldn't get the ballot we wanted. Somebody, maybe the Con Gosselink campaign, got them to do it."

"It's an American's right to seek the ballot he wants. Maybe this entire election--statewide--should be contested."

School Fire Alarm

Venice firemen were called at 12:40 p.m. yesterday to the Venice school where a cardboard box had been set afire in a hallway. Firemen said the fire had been extinguished by a custodian when they arrived.

Part of Depot Sought for 'Decent' Madison Housing

Conversion of part of the Granite City Army Depot grounds into a modern residential neighborhood for West Madison was recommended by Alderman John Kozielek and demanded by John Haynes, and demanded by John Haynes, alderman from West Madison's Fifth Ward, during a city council meeting Tuesday night.

The remarks followed recent announcements that depot operations will be completely phased out by July 1971.

Alderman Hayes stressed that the West End residents will benefit if interests of the depot if it moves. Don't overlook the human element.

"West Madison is in dire need of decent living conditions."

He said that 300 acres of the

city of Venice and 350 in the city of Granite City, Federal authorities have said the acreage to 972.

With Madison shackled by boundaries which are difficult to expand, the mayor said the area to the west has possibilities, and that "housing is in dire need."

Economy Injured

He said it is uncertain if this can be arranged, as the federal government, through its regulatory arm, the Environmental Protection Agency, is requiring major cutbacks in energy and prevent disruption of the local economy.

The most appropriate idea for use of the property, was ad-

vised by Joyce A. McClellan, 2828 East 25th street, and Scott J. Fischer, Belleville, col-

lided at 7 a.m. today at 20th and State streets.

Venice Teachers Plan A Tour Institute Day

Repeating an experiment conducted earlier this year through which faculty members from the Venice school district participated in a teachers' institute, the emphasis on current social and economic problems rather than academic subjects, the Venice board of education approved a second institute along similar lines at its regular board meeting Monday night.

Board members authorized the Venice teaching staff to replace the usual institute seminars with three tours, set for Friday, April 17. Classes will be dismissed that day, which

coincides with the close of drug abuse will be explored by Venice teachers in a meeting this week at the high school, the administrator reported.

The teachers will tour the St. Louis police department and police training academy, facilities at the Knox radio and television station and the Union Electric Co. office at Venice.

Special programs are planned for the teachers at the police academy, Sgt. John O. Pier explained, noting that the two groups will combine for lunch.

Teachers will attend a three-day meeting of the Illinois Adult Education Association April 1, 2 and 3, in Chicago.

Problems in the area of drug abuse will be explored by Venice teachers in a meeting this week at the high school, the administrator reported.

Aspects of misuse and abuse of narcotics will be discussed by Irving Miles, a former addict, presently working with Co-operators, Inc., William H. JAECA president and a professor of education at the University of Chicago.

Pier said: "The three-day program, to be conducted at the Center for Continuing Education, will include

The mayor said another city application has been made with the Corps of Engineers for sinking for nearly a year, at \$194,000. Office of Emergency Preparedness funds will be used over the weekend. In recent months, the street department has filled the hole in a yard at 3205 Rodger avenue and it went down again. The line goes through the yard and creates a hazard for children, Parmley said in requesting the repairs.

Mayor Parmley was authorized to contract for immediate repair. So far in the current fiscal year, the city has spent over \$800,000 to repair sewer breaks.

Snow May Fall But GC Baseball Season Here

Through snow still lay on the ground this week, Granite City high school's baseball season began in earnest.

Three March games are slated, opening with Mater Dei of Breese here Tuesday, March 24, followed by road games at Roxana March 27 and at Wood River March 30.

During the season, all games will begin at 4 p.m., except for Saturday doubleheaders and Illinois High School Association tournaments.

The Southwestern Conference promises a wide open race, with Coach Gorbe's Warriors having an opportunity to grasp second or league honors.

All expected to be strong are Belleville West, which closed last season with several impressive wins, and perhaps Edwardsville, which had a

AUTO PRODUCTION IN MADISON Designed and built by Quad-Cityans Robert and Raymond Barr, the "1970 Cayenne," meaning "red pepper," won a first-place trophy at the National Auto Speed and Sport Show. The Cayenne won over a \$13,000 Italian-made Mangusta and an \$8000 Fiberfab Valkiria from California. Using Corvair components, including a 150-horsepower turbo charged engine, Hava Auto Service in Madison will produce the sport car for an expected sale price of \$2100. With removable front and rear sections, the car's appearance changes from GT styling (shown) to a Dune Buggy.

EMMANUEL BAPTIST

DEACONS INSTALLED
L. C. Johnson and Alvin Walker were formally installed as new deacons at special services at the Emmanuel Baptist Church Sunday evening. A fellowship hour honoring the new deacons followed the services. Both men had been previously ordained.

Music for the evening was provided by the Hallelujah Choir and Misses Donna Horner and Carolyn Cripe. Deacon Keith Carr read the text of the origin of the office of deacon from the Bible. Earl Harpier, chairman of Emmanuel's deacons' board, gave the dedications of a deacon and Deacon Grider received a St. Patrick's Day gift from a St. Patrick's Day gift from her son, Ronald Weiss.

Walker and Johnson were presented with a congregation by the pastor, Rev. Vernon D. Covington, and each spoke.

The pastor then discussed responsibilities of the church officers serving at the service. At the end of the service, Mr. and Mrs. Kenneth Carr, Ronald Weiss, Russell Lewis and Al LeGrand.

PATI MURPHY HONORED ON ST. PATRICK'S DAY

Mr. and Mrs. Chester Murphy, 4107 Breckinridge lane, entertained Tuesday evening at a family dinner party in honor of their daughter, Patti, on her 18th birthday.

Decorations were carried out in a St. Patrick's Day theme, and a St. Patrick's Day birthday cake was served.

Those present included the honoree's sister, Mrs. Carol Del-

CHURCH WOMEN PLAN MEETING ON DRUGS

Lutheran Church Women of the Peace Lutheran Church met Tuesday night at the home of Mrs. Rachel Larsen, 2207 Main avenue. The devotion was given by Mrs. Carol Germon, who made a special offering. Double Club met for April meeting, which will be held at the church at 7:30 A.M. A program on drugs will be presented by guest speakers. The collection and friends are being invited.

Members painted and decorated holiday eggs which will be taken to residents of The Colonies nursing home.

Arrangements for a craft shower were given by Mrs. Tammy Carson, president of the women's group. A decorated shower cake was served to those mentioned and Mesdames Nona Burns, Betty Linton, Crystal Chernoff, Marlene Schocker and Payne Dyer.

RUTH CLARK MEETS AT WILMING HOME

Mr. and Mrs. Leo L. Burns and children, Kathy, Laura and Rodney, 2189 Harrison avenue, were the hosts of Mrs. Ruth Clark's brother, Clifford E. Simmons, of San Jose, Calif. Mrs. Burns and her brother have not seen each other in 15 years.

Nehma Black, a former member now a resident of Missouri.

Mrs. Thelma Petersen, president, opened the meeting and Mrs. Maxine Popham led the prayer.

Mrs. Petersen gave the devotional from the Psalms.

Mrs. Ivan Graklanoff, mission chairman, reported on the group's projects and said applications for an orphanage may be submitted to the church or the next class meeting.

Mrs. Jutta Carmack reported purchase of an Easter outfit for the class's "adopted" girl, the Carmi Children's Home, and plans were made to bring her to home, 2740 Grand avenue, for their April meeting.

Games were played under the direction of Mrs. Peterson, and prizes were awarded for the best decorated eggs. Mrs. Martha Rochester and Mrs. Helen Redfern. Also present were Mrs. Shirley Short, Julia McLean, Dorothy Born, Zowandafay Smolich and Vi Wallace.

PRAYER LUNCHEON

The Mission Prayer Group of First Baptist Church met Tuesday morning at the home of Mrs. Lee Hill, 2111 Lincoln avenue. The devotion was given by Mrs. Carol Germon, who made a special offering. Double Club met for April meeting, which will be held at the church at 7:30 A.M. A program on drugs will be presented by guest speakers. The collection and friends are being invited.

Get well cards were sent, and get-well cards were offered for missionaries.

The hostess served a luncheon to those named and Mesdames Paula Hargan, Fern Affalter, Velma Christian and Iva Oliver. Mrs. Affalter has organized a group for her home, 2908 Sunbeam drive, for next week's meeting.

FUTURE SLENDERETTES TO CHOOSE OFFICERS

Future Slenderettes will meet Saturday at the home of the leader, Mrs. Villa Ridings of Rural Route Two.

The Take Off Pounds pledge was led by Mrs. Rita Ridings, and Mrs. Linda Ridings, Freshman leader, tall and recorded weights. A treasury report was presented by Mrs. Pat Wickman.

Kaye Daniel was elected secretary of the organization.

Patricia Herb and Donna Cain, Duane Parrish, Laura Hanson, Diane and Susan Turner and Mike Baker.

MRS. HUTSON HOSTESS
TO PHEBEAN CLASS

The Phebean Bible class of Calvary Baptist Church has been meeting monthly in the home of Mrs. Lorna Hurson, 2838 Palmer avenue, Tuesday afternoon. The members sang hymns, "Tell Me the Story," "At the Cross," and "Jesus Is All the World to Me."

The teacher, Mrs. Stella Rushing, gave the devotional from the book of Luke, using the topic, "They Forsake and Follow Him." Mrs. Hurson followed with a lesson on the importance of prayer for the ill, shut-ins and servicemen.

The president, Mrs. Mae Williams, presided and the class noted that it had made 21 contacts with the sick and members. It was decided to increase the visitation and to also make calls at a nursing home. Cards were sent to the sick and elderly.

A duet, entitled "Take Time to be Holy," was sung by Mrs. Williams and Mrs. Rushing.

Closing prayer was offered by Mrs. Helen Taylor. Present were those named and Messedames Cora Cruse, Delta Hubbs, Elizabeth Knight and Augusta Hessman. The April 21 meeting will be held in the home of Mrs. Ruth Gorrell, 2834 Palmer avenue. * * *

Niedringhaus PTA's Brownie Troop 518 held a picnic for a Brownie fan day April 4 at Camp Kreck at a meeting Tuesday afternoon with the leaders, Mrs. Beth Caffrey and Mrs. Jean Holder.

The troop filled "bunny boxes" with cookies and candy. The containers were decorated in an Easter theme for patients at St. Alton Hospital.

The girls practiced a flag ceremony, sang the pledges of allegiance, scout promise and "America," which they will present for the PTA next week.

Answering roll call were Barbara Badham, Mrs. Amy Curtis, Mary Evans, Gen. Fox, Beth Gollinger, Karen Holder, Gretchen Holzschreiber, Jean Jones, Twyla Lathrop, Georgia Mateson, and Clara Mitchell.

BENEFIT FISH FRY

The executive committee of Boy Scout Troop 20 of Webster School held a pleasant session at the school auditorium, agreeing to make final arrangements for a fish fry that will be held at the Moose Hall Saturday from 4 to 8 p.m.

Proceeds will help finance a one-day trip to Tennessee, where the troop will camp in the Smoky Mountains. Scoutmaster Tom Watkins informed the committee that many items have been purchased for the trip.

Committeemen present were Watkins, Assistant Scoutmaster Harry Foster and John Chapman, Harry Ponder and Eugene Miller, institutional representative.

EASTER PARTY PLANNED

An Easter party was completed and plans were made for an Easter party at a weekly

meeting of Marshall school Brownie Troop 189 with the Kingdom. Sherri Burton, creative writer, child care, science and stamp collector; Kathy Justice, animal kingdom, child care and science; Karen Zimmerman, animal kingdom, science and science; Theresa Hancock, dressmaker, science and chef; Anita Wilson, dressmaker; Charlene Bennett, dressmaker; Linda Campbell, child care; Linda Gofford, dressmaker, reader and science; and Bonita Davis, science and dressmaker.

The meeting concluded with a friendly game and the scoutmaster's prayer.

Treats were provided by the leader and the meeting closed with a "friendship circle." Guests included Mrs. Grace Baptist Church held its March meeting in the home of Mrs. Linda Hogan, 2817 Saratoga Avenue, Tuesday evening, with Mrs. Hogan, vice-president, Mrs. Hogan, Robin Saltgaver and Sharon * * *

United Methodist Youth of the Trinity Methodist Church, East Own Way, Linda Hogan, streets, are spending their chin-sawing time collecting the word "love."

The monthly devotional, concerning tithing, was given in a form by Mrs. Lee Kiel.

The meeting opened as the class motto and sang, "Hail Christ our King." The month's project will include ham sandwiches and pie or cake.

INVEST MEMBER

First Girl Scout Troop 704 of the Webster PTA met at the school Monday with the leader, Mrs. Mae Lee, assisted by Mrs. Elizabeth Griffin, Mrs. Valara Schorffendorf and Mrs. Betty Gilder. The girls completed bluebird houses for patients at St. Alton Hospital.

The Kool Kats paraded an opening flag ceremony for a Brownie fan day April 4 at Camp Kreck at a meeting Tuesday afternoon with the leaders, Mrs. Beth Caffrey and Mrs. Jean Holder.

The troop filled "bunny boxes" with cookies and candy. The containers were decorated in an Easter theme for patients at St. Alton Hospital.

County GOP Head Unseated by Two-Vote Margin

An upset in Republican balloting at Alton Precinct 33 has unseated veterans GOP County Chairman Charles Walters, unless the official vote canvass results in at least two votes in Walters' favor, according to unofficial returns at Tuesday's primary election.

Walters, who has headed the Madison County Republican Central committee since 1966, was defeated by two votes in a tally of 33 to 31 in favor of Francis Gillard. Since the administration of the county Republican chairman has become a powerful position from a pragmatic stand-point.

The county chairman is chosen at a site of Republican precinct commitment in an organization meeting customarily held within a short time after the primary. Committee members are elected, rather than nominated, in the primary balloting.

Walters has had the reputation of a hard-working Republican leader and has been doing organization work that resulted in election of two Madison county officials on the Republican ticket in 1968. He was also active in the successful 1968 campaign of Governor Ogilvie.

He said he does not intend to challenge the two-vote plurality of Gillard if the official canvass shows no change.

He said we can maintain party unity in selecting the leader as county chairman," he said.

Ivan Maple, who was beaten by Richard O'Dell in his campaign in Godfrey Precinct Five by a vote of 90 to 41, is reported to be interested in the chairmanship.

Maple is executive director of the State Liquor Control Commission which recently has been investigating possible part ownership of an Madison tavern by Christ Rossi, a Madison alderman and member of the powerful Venice Madison Democratic organization.

New Attorney Sought Again Over Landfill

The Madison committee of the controversial Cheouteau Island Corp. landfill unit sought another attorney to represent them in their suit against the firm.

Attorneys called again this week for replacement of Marshall Smith as its legal counsel in the controversial Cheouteau Island Corp. landfill unit.

Smith continued to maintain that the firm has a right to a permit to re-open the landfill. The committee, headed by Carl Bradbury of Granite City, insisted the firm first receive a special use permit through county zoning procedures.

An adjacent landfill, Malvern services, mostly for Missouri refuse, has been the focal point for strong objections in the county during the past several years.

1970's Look Bright for GSI and Castings Division

General Steel Industries, Inc., has an opportunity to hold 1970 earnings "at approximately the same level as in 1969, despite a substantial number of volume declines this year," W. Ashby Gray Jr., president of the diversified manufacturing company, reported the 1969 annual report mailed to stockholders.

The federal government is preparing to give significant financial assistance to urban mass transportation programs with a major emphasis and much supported by the Administration and has already been passed by the U.S. Senate. The bill would provide \$10 billion over the next 12 years, estimated by the end of the five-year period of the program. The Institute of Rapid Transit estimates that more than 8000 rapid transit and commuter cars will be built during 1970 to replace outmoded cars and fill the equipment requirements of new transit systems."

Maurice Robbins, 53, Dies: GCS Employee

Maurice E. Robbins, 53, of 1654 Second street, Madison, a lifelong resident of the Quad-Cities, died at 4:54 p.m. Saturday at St. Mary's Hospital, Richmond Heights, Mo., where he was a patient one week. He had been ill the past year and was hospitalized on previous occasions.

A native of Granite City, Mr. Robbins had been employed in the Hot Strip Department at Granite City Steel Co., since Jan. 16, 1937. He was a world war II veteran and a member of the United Methodist Church of Madison and Local 67, United Steelworkers of America.

Arriving are his wife, Mrs. Mary Ann (Ramach) Robbins, three sons, Edwin K. Robbins of Seattle, Wash., Robert L. Robbins, a student at the University of Illinois Urbana, and Richard Robbins of Madison; his mother, Mrs. Bonnie J. Robbins of Madison; two sisters, Miss Ardith Robbins and Mrs. Warren (Maxine) Depp, and his parents-in-law, Mr. and Mrs. Nick Ramach of Staunton.

Plans were made this week

Church Youth Establishing Coffee House

The young people of Niedringhaus United Methodist Church are in the process of finishing plans for a "coffee house" to be located in the Community School room of the church. The opening will be held by the end of the month, and young people from the age of 12 grade and up are urged to help make the project a success.

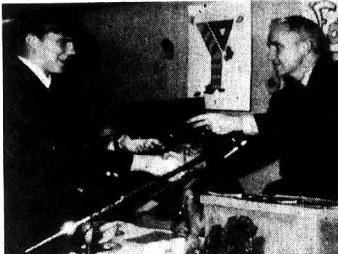

The coffee house has already been sanctioned by the Administrative Board, and the rules and regulations have been observed. Several married couples of the church will be chaperones and supervise the young people.

The board of directors and committees are as follows: President — Earl Anderson; Vice-President — Mike Loftus; Secretary — Curt Kozer; Treasurer — Harry Disk; Sergeant-at-Arms — Dave Brewer.

Recognition was given to David Cross, who was elected president of the Granite City high school student body and to Chris Harizal and Brad Cross, who were elected to the student council.

Prospective pledges will attend the next meeting at 5 p.m. Sunday at the Moose home.

75 DeMolays Attend Church Service Sunday

Seventy-five DeMolays and their parents attended services at their parents' attended services at the Dewey Avenue Methodist Church Sunday, led by senior counselor Steve Hines.

Other attendees were Carol Carver, honored queen of Jobs Daughters, and other officers and members of the local Bethel.

Rev. John H. Ambrooy welcomed the DeMolays and guests to the service, the first event of the local chapter's observance of International DeMolay Week. His sermon was entitled "Introduction to Christian Discipleship."

The chapter held a party Monday evening for children at Children's Hospital for crippled Children, St. Louis. Members of Jobs Daughters and the Mothers club assisted.

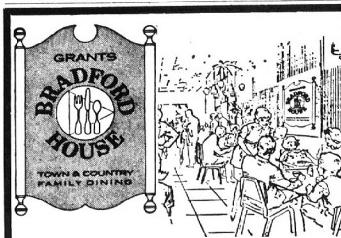

Members also played their first game in the district No. 4 basketball tournament Monday night in Collinsville.

Kabuki Play Costs

GC Student in Role

A production of two traditional Japanese Kabuki plays will be presented April 9-11 by the Illinois College Hilltopper student theatrical organization on the Jacksonville campus.

They are entitled "Kanjincho" and "The Zen Substitute." The second, a light-hearted farce of Kabuki theater, casts Paul Welsh, Granite City freshman, in the role of Chieda.

All-Southwest Selections Spotlight Scoring, Rebounding and Defense

Coaches of Conference Pick Seventh Annual Press-Record Squad

ALL-STAR VS. ALL-STAR. All-Southwestern Conference player Dave Melzer (14) of GCHS grabs a rebound, which isn't unusual. What is unusual is that Collinsville's Jerry Ahart (41) isn't on the fight for ball possession. Ahart gathered the second best rebounding total of the all-league first team members. East St. Louis' Larry Jenkins led in rebounds.

Five schools find a place on the five-man seventh annual Press-Record all-Southwestern basketball team, selected by a vote of all seven head coaches.

East St. Louis' Larry Jenkins was a unanimous choice. Named to the team is a near unanimous vote count were given: Collinsville's Jerry Ahart, Granite City's Dave Melzer, Belleville West's Steve Craig and Alton's Ron Caldwell.

No center is among these all-stars, despite the average height of little more than 6-2. The team almost had a postman, but Collinsville's Ed Shaprio, 6-8½ feet tall, Bob Shapiro missed first-team honors by one point in the balloting.

The Southwestern league and regional and sectional champion Kahoks dominate the second team with three players, Shaprio, 6-0 Dave Melzer, Belleville West's Steve Craig, Dwight Watts, on 5-9, and Belleville West's 6-1 Bob Stom complete the second team.

Last year Shapiro, Melzer and Ahart were honored in their own right, but this year it was then an Edwardsville Tiger.

Jenkins Adept Pointmaker

Jenkins topped the conference in individual scoring with a 27.0-per-game clip, becoming the loop's second highest all-time scorer.

During the Flyers' 28-game season, he tallied 730 points, hitting 43% from the floor and 62% from the foul line. In rebounds, he tied his team with 389.

Coach Louis "Pickle" Dehner describes his leaping hot-shot as "sensational. Without Jenkins

we wouldn't have done much this season."

A prime example of the winning difference Jenkins was so often able to provide occurred in the finals of the Belleville East regional. He scored 19 points, sending the Flyers to a 34-31 half-time lead.

In the second half, after a shift in the Lancers' defense, Jenkins infrequently got the ball and put up only four field goal attempts — and Belleville East won the Edwardsville sectional.

Jenkins more than doubled his pointmaking success over the 1968-69 season when he totaled slightly more than 500 points, mostly in corner shots.

Melzer's gathering of impressive statistics was slowed by a prolonged mid-season slump.

But he opened and closed the season with strong play for an overall 420-point total and a 15.5-point average.

Shooting most often from the deep right corner portion of the court, he connected 42% of the time, then grabbed 17 rebound and was 75% target from the foul line.

For the Warriors in 1968-69

he garnered 377 points and 19 caroms.

Leading Marathon Scorer

Craig, with his driving and left-handed shooting, led the Maroons in points with 494 at a 16.6 clip.

Not playing as a sophomore, he had a 10.6, Craig impressed his coach, Dave Shanahan, as a hard worker who will improve as a player next season.

Craig will be trying to better his 1968-69 rebound total and accuracy of 44% from the floor and 63% from the stripe.

Chief Ball Handler

Caldwell, Alton's chief ball handler, both offensively and defensively, also showed his talent for tracking.

Standing 6-1, he had the second best rebounding average among the Red Birds who were all but one taller than himself.

First SIU-SW Track, Field Season Opens March 28; Trim Squad to 33

SIU-SW will inaugurate its first track and field season grads look like sure sign win Saturday, March 28, when the ners: Bruce Ferry, 200, St. Louis' Mike O'Connor, low hurdles, Wood River high, East Alton, Mike Bruss, 800, Ferry paced the Cougars' winning cross country team last fall. Cougars travel to St. Louis on the Washington University Bears.

Track Coach Jack Whited has put his squad of hopefuls down from 100 to 33 after several weeks of workouts on the Roxana oval will serve as the Cougars' home base, their facilities can be built.

In the three main categories, distance events have the largest number of competitors, 14, followed by the field and weight events and eight in the sprints and dashes.

"I'm optimistic about our chances in this, our first season. The boys have been working hard and their times and records have been above average," Whited said.

"I'm not hedging, but only actual competition will tell how good a team we have."

Abraham, director of track at SIU-SW, however, Whited was emphatic. "With the wealth of material in the St. Louis area high school — East St. Louis, Alton, Beaumont, St. Peter and many others — we can't miss."

Cadettes Bridge Gap Between Generations

The widely-discussed generation gap between senior citizens and early teen youth was successfully bridged last week when 22 members of Girl Scout Cadette Troop 231 entertained residents of a senior home with a special program of songs and recitations.

About 50 senior citizens attended the program, held in the Anchorage recreation center.

Vivian H. Davis, troop leader: "Two gifts awarded by the girls were won by John Graf and Maggie Watkins."

Walter Mietrich, a senior citizen and member of the Society for the Preservation of Barber Shop Quartet Singing, led the Girl Scouts and guests in songs. Mr. Mietrich, a great grandfather, is the father of Edgar Vatas, chairman of District Four, River Bluffs Girl Scout Council.

Following a flag ceremony, conducted by Rita Anne Ahola, and Karen Lee, the scouts received the flag pledge, the Girl Scout Promise and posted the colors.

Susan Davis greeted the guests, and miniature flags were presented. The "Gettysburg Address," given by Jean Long and Linda Lickenden, preceded singing of "Battle Hymn of the Republic," "This Land Is Your Land," and "God Bless America."

Christine Webb related the "Legend of the Shamrock," and a series of Irish songs were presented.

Scouts graced with their best ratings from "Somewhere Over the Rainbow" to "Swing Low Sweet Chariot."

Troop plans for the coming year were reviewed by Mrs. Davis; flowers were distributed to the girls; and the program concluded with a chorale reading of "An Old Irish Blessing."

Double-Check Tax Forms, IRS Urges

Last year income tax filers should double check their returns, since those filed just before the deadline are much more likely to contain errors, say G. Phillip, Internal Revenue Service district director for central and southern Illinois, said today.

Errors on returns delay processing and any return that may be filed late can cost accountants for many of the errors. This type of error could be a return received without a required signature, Social Security number or W-2 statement.

Taxpayers who use the tax forms they receive in the mail can avoid social security number problems if they use preaddressed labels that show the taxpayer's name, social security number and address just as they appear in IRS files.

Labels can be lifted off the form if came on and placed on another should this be necessary. Philpott advised taxpayers who have someone help them with their return to be sure their preaddressed label is on the form they file.

City Searching for Funds To Buy New Police Cars

The Finance committee was given a chance by Granite City day's operations," he told council members to find funds to buy new police cars and a new motorcycle for the department.

During the 1969-70 fiscal session, it was pointed out that the city had been in abeyance because of city finances. The Finance committee is to determine if a dealer will accept the wrecked car.

Algerman Poulos, Police committee chairman, settled for "totaling out" the wrecked car and buying one to replace it, but his proposal was rejected.

Parmley motioned for the Finance committee to "work hard" and he added the committee "has been clicking, and so far the city has not had to borrow money."

A bid of \$150 for purchase of a new motorcycle also was referred to the Finance committee.

Dallas added that the city has spent \$1200 in recent months for repairs to the humane officer's vehicle, and that consideration should be given to purchase of a new truck.

Benefit Sale Saturday To Aid Cadette Scouts

Patrons of a benefit carriage sale at girl scouts starting at 8 a.m. Saturday at Schermer's Market in Madison will assist Girl Scouts from three local Cadette troops achieve an educational, yet fun-filled trip by actual wagon train, along the Old Butterfield Trail in Kansas.

Proceeds from Saturday's dual project will help defray expenses of the wagon train to be made by local Girl Scouts. About 54 girls in the seventh, eighth and ninth grade age levels comprise the three Cadette groups.

Troops involved in the venture and leaders of the benefit sale are Cadette Troop 231, Mrs. Victor Davis, leader; Cadette Troop 242, led by Mrs. David Parrish; and Cadette Troop 243, Mrs. Wanda MacDowell, leader.

Parents of troop members and their friends have cooperated in the project by furnishing articles for the rummage sale, including a sewing machine, bunks beds and a portable sewing machine, among other items, Mrs. Davis said.

Last month the girls spent some time trying to raise money for their journey, which will cost each Cadette Scout about \$85. "The girls worked very hard and earned about \$65," the leader reported.

Homemade and general gift items will be featured in Saturday's bazaar shop project, with novelty jewelry, such as scarf holders, pins and earrings, handwoven from bamboo, and handsewn stuffed animals, Mrs. Davis said.

The leader noted the July 17 wagon-train trip primarily is planned to enable the girls learn more about the heritage of the trail, its history and historical significance and gain a better understanding of the hardships and successes of its pioneer people.

Local residents will spend three days and nights on the trail, riding in covered wagons. At dusk, the wagon-train will form in traditional circle encampments and the "pioneers" will sleep under canvas or in sleeping bags.

Entrants to join the wagon-train trip are invited to the girls learn more about the heritage of the trail, its history and historical significance and gain a better understanding of the hardships and successes of its pioneer people.

Other ministers participating will be Dr. David B. Maxton, pastor of First United Presbyterian Church, and Rev. Dr. John C. Garrison, pastor of Suburban Baptist Church.

Music will be furnished by choral and instrumental groups and Granite City High School under the direction of Miss Linda Beane and Raymond Vourhees.

Saturday, April 18.

In conjunction with the Collinsville Junior Service Club, the early April performances will benefit the Collinsville Hospital Auxiliary, the show producers announced this week.

Tickets purchased from Masquer members, priced at \$2.50 adults and \$1.50 students, will be sold at any of the three performances.

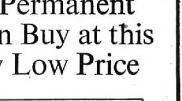

Chuck Norris of Collinsville is directing "The Boy Friend," with Sandy Wilson, Jack McFarfield, his associate director and musical director, and Mrs. Betty Dart serving as choreographer.

Manufacturers Urge Industrial Use of GC Depot

An industrial manufacturing future use of the Granite City Army Depot has been urged by the board of directors of the Manufacturers Association of Tri-Cities. The Depots is to be inactivated by July 1971.

William F. Hoelscher, general manager-secretary of the association, said, "We are now confident that an industrial park development on the depot property could be accomplished in a matter of months following closing of the depot and would be one of the Tri-Cities' most significant economic improvements in recent years."

He continued, "While we have enjoyed continued expansion of industrial industries, the Tri-Cities has suffered a definite lack of new industry development and gradually shrinking industrial employment." Most of the physical assets of roads, railroad sidings, loading docks and more than one-half million square feet of modern industrial building space make it a ready-made industrial park.

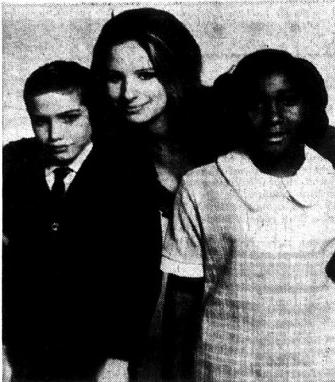

Hoelscher concluded, "If the leadership of the Tri-Cities can properly capitalize on the opportunity for industrial development presented by the closing of the Army Depot, our industrial workforce is now several thousand smaller than it was in 1960."

The 977-acre Granite City Army Depot is not only one of the best and largest industrial manufacturing locations in the Tri-Cities, but in addition its physical assets of roads, railroad sidings, loading docks and more than one-half million square feet of modern industrial building space make it a ready-made industrial park.

Hoelscher concluded, "If the leadership of the Tri-Cities can properly capitalize on the opportunity for industrial development presented by the closing of the Army Depot, our industrial workforce is now several thousand smaller than it was in 1960."

Parking Meter Fees Up During February

Revenue from operation of parking meters in Granite City during February amounted to \$3839, an increase of \$1098 above the \$2741 received in January, according to a report by City Commissioner Robert Stoenke.

Income last month included \$3102 in meter fees, up \$802 from \$2300 in January, and \$737 in fines for meter violations. Fine collections for February were up \$558 above the \$441 collected in January.

The February fee income also reflected an increase over fee and fine revenue during February of the previous year when fees were \$2741 and fines were \$542 for a total of \$3283.

Last month's collections increased to \$6560 the total income for the two-month period this year, up slightly over the \$6460 received for the same two-month period of 1969, records show.

Parking meters operated on 24 days during February, for an average daily income of \$159. In January, meters operated on 26 days for a daily average income of \$105.

Plan to Participate In 'Victory' March

The March for Victory planned in Washington April 29 to support a worldwide effort to end peace in Vietnam through a military victory was endorsed by the Madison county branch of the American Independent Party in a meeting at the courthouse in Edwardsville this week.

Plans were discussed to participate in the demonstration and arrangements were made for April 29, at 8 p.m., and for a bus to leave Edwardsville return from Washington Sunday. Twenty-five members of the county group attended last week's meeting and also discussed the freedom of choice for prayer and Bible reading in the schools.

Mrs. Mary Lockhart, Granite City, is president of the Madison county chapter of the party, information concerning the trip to Washington can be obtained by calling 877-4312.

U. S. Rep. Melvin Price has been reappointed by Speaker John McCormack to represent the House of Representatives during the 1970 session of the Conference of the Committee on Disarmament at Geneva, Switzerland.

Price also is serving as a congressional adviser to the strategic arms limitations talks between the Soviet Union and the U. S.

County Vital Statistics Decline during February

Births, deaths and marriages were down in Madison county during February, compared to January, according to vital statistics issued compiled by Miss Eulalia Hots, county clerk.

Births, deaths and marriages girls for a total of 315 with three sets of twins this year compared to 161 boys and 158 girls

with one set of twins born in February 1969.

Deaths recorded in February totaled 156, compared to 170 for the same month in 1969.

Marriages numbered 175 for February of this year while there were 180 marriage licenses issued for the same month in 1969.

'Touch' of Italy is Brought to Madison

Tony Anselmo, proprietor of Tony and Joe's located at Third and Madison avenues, has brought a part of Palermo, Italy, to the Quad-Cities by remodeling his lounge in a similar decor as that of the Palermo Club in Palermo, Italy.

According to those going to the country at age 21 from Palermo and attended school in St. Louis to learn to speak English while working as a pizza cook. He worked at the restaurant in St. Louis for five years prior to moving to Madison in 1963. During 1968 he went back to his native Palermo where he visited a club with a heart shaped bar and was so impressed with the decor he copied the general decor.

His Madison club is furnished in an old world atmosphere in all old world imported Italian fixtures. An old world fountain that flows with pink champagne, is the first item of interest to catch the guest's attention.

It is a dark mahogany and the drapes are a lavender color to co-ordinate with the orchid colored bar rail.

River Festival Recipe--Mix Light, Heavy Symphonic Music This Year

(Editor's note: The following article was written for the Press-Record by Ralph Perry of Alton, who is also a director of the Tri-City Grocery Co., who began attending weekly Sunday Pop concerts by the St. Louis Symphony Orchestra 52 years ago when it played at the old Alton High School band and he was a high school student. Besides an extensive advertising background, he also, as he describes it, has "been at the piano keyboard" for 58 years and is an ardent symphony devotee.)

(He feels a recent page advertisement in Time magazine about the 1969 Mississippi River Festival misses the point, and suggests further that Festival concerts should feature lighter music with greater mass appeal.)

By RALPH PERRY

If those connected with the Mississippi River Festival in 1969 thought they had bucked the world with their "modern" idea, they should think about the men in St. Louis, who fought to put over the Muny Opera in its first season in 1919.

The festival, which opened with good weather, but June 23, in the second week, one of the heaviest rains to ever hit Forest Park came rushing down the hillsides.

River des Peres overflowed, carrying away nearly all the stage sets, costumes, musical instruments and personal property of the actors. Moneywise it was a washout, but Muny's worst night in 52 years.

The officers and directors held a meeting that night wondering if they could go on with little cash on hand.

River des Peres in 1919 was an open stream, but was covered over many years ago. It flowed below Muny's stage and dressing rooms.

By some miracle, necessary tools were quickly assembled and the show was given the next night. Overcoming this crisis in a few hours, meant that the board and workers had great ability. This experience was never forgotten; in later years as other problems arose, they were trying to accomplish?

It is interesting to see some photos shown taken last summer at SIU showing the concert tent, dining facilities and picnic areas which are referred to in the advertisement. Why not a photo of the full orchestra?

It is time now for painting of hats, flags in the lobby of Kiel Opera House and a marble tablet on the facade of Muny Opera reads: "In Memory of Henry F. Kiel, 1874-1926, whose vision and perseverance the Municipal Opera was created for the benefit and enjoyment of all."

The Muny Opera directors deserve above all kinds of shows to offer. Some wanted grand opera and other forms, but musical opera won out as the best fare for "shirt sleeve" audiences.

With the shortage of automobile tires continuing, a well-organized gang of thieves which has been operating mainly in East St. Louis visited Madison and took the tires off 17 parked cars.

St. David's Auxiliary met with Mrs. Jack Michaels, 1729 Fifth street, Madison. Twenty-four women and Mrs. Phoebe Williams, who points out that "inflation is home front's No. 1 enemy." Local residents are being asked to donate one-half-day a month to serve as members of price-setting boards.

A new \$20,000 office and warehouse building being constructed for the Terminal Railroad Association is expected to be completed and ready for occupancy by May 1 at 19th street and the railroad tracks.

Another call is being issued for volunteers by C. A. MacMillan, chairman of the War Price and Rationing Board, who points out that "inflation is home front's No. 1 enemy." Local residents are being asked to donate one-half-day a month to serve as members of price-setting boards.

New Worry-Hybrid Residue in Soil

(American Association for the Advancement of Science)

The already complex problem of the fate of herbicides as they become degraded chemically has been complicated further by a recent discovery.

Biochemist Richard Barthol of Rutgers University describes how the degradation products of two more persistent pesticides may combine in soil to form unexpected new chemical products--hybrid residues.

Discovery of these unexpected reactions leads to concern that other similar reactions may also occur under field conditions, thereby increasing the complexity of pesticide residue problems.

But when these are applied

Smith Victory, Nomination of Other Strong Candidates Highlight Primary

There were more snowflakes and fewer voters than would have been ideal for an election day, but the St. Patrick's Day primary served its principal function of nominating candidates for political office. Interim candidates seem to be decided in the November general balloting, but in most cases the decision will involve style or philosophy rather than competence.

The strong showing by U.S. Senator Ralph T. Smith increased Republicans and demonstrated their desire to keep him in office. He is able to retain the seat in the fall election, particularly if the senate is able to encourage all segments of the party to work together in the campaign.

The Madison county GOP also will need to seek unity as it prepares to face a strong group of Democratic nominees this fall. Having three candidates in the race, however, is better than having none.

Victory salutes go to the three who won state representative nominations and are shown in this column: Horace Calver, Cleve L. Kennedy, Democrat, and Robert Walters, Republican — and to those who won contested nominations in this region: Sam Vadalabene (D) for state senator and John Maeras (D) and Louis Bowman (R) for sheriff. The latter three and nine who were unopposed in this area will collide for the right to fill six offices.

We could have programs like the symphony has done on Sunday evenings with pianist Peter Novak performing. The Rossini, for example, is a fine addition to the program.

Now, I want to discuss the full page Mississippi River Festival advertisement in the current issue of the newspaper.

I showed this to several people who immediately said it telegraphed "high brow" and they would not be able to understand it. The advertising agency obviously used no imagination.

Over half the page is a photo of Walter Susskind in a black full dress suit. Does that flash summertime?

Did the Symphony Society tell the advertising agency exactly what they were trying to accomplish?

It is interesting to see some photos shown taken last summer at SIU showing the concert tent, dining facilities and picnic areas which are referred to in the advertisement.

PEOPLES NEED PARENTAL HELP TO AVOID DRUGS

To the Editor:
The educational materials given to parents have given a big sigh of relief when their child reached 5th, 6th and 7th grade?

Wow, they can walk to and from school without getting into trouble, and paddle or darting into the street. They were taught and they know why they can't do these things.

They can go along alone because they know they are to conduct themselves in an orderly manner, and they were taught why this has to be. They can go skating alone because they know they are to care for it or they could get hurt.

They know that teachers are their parents away from home and are to be respected and obeyed, and they learn in school why this is true and has to be done.

But, parents, what about the things we know are wrong and bad but can't provide a definite and proven reason or explanation?

How about drugs? Can you tell your 5th, 6th or 7th grade child it's bad for his health, it could change his personality or

it could make him do things he normally wouldn't do—and then not be able to supply any other information? Well, that's it; that's all you can say. But, what have you done? You have written this young child's curriculum the same way.

How about drugs? Can you tell your 5th, 6th or 7th grade child it's bad for his health, it could change his personality or

it, many state and federal officials remain unaware of the fund cutoff, even though it is taking a brutal toll in lives, health, property damage and economic loss in this region of a half-million population and in a wide surrounding area.

Extraordinary steps should be taken to resolve the problem immediately. Half of the 1968 road building season and all of 1969 were a total loss. Because of the time required to obtain and award bids, the 1970 road construction and improvement season also is in serious jeopardy.

Much of the lost time can never be made up. Every day that passes brings more hardship, and the loss already far surpasses whatever gain could result.

It will be recalled that complaints originating in the East St. Louis led to the fund freeze—the limited number of Negro highway construction workers was cited as the basis for the action.

Later, figures showing cost comparisons in different parts of the state were disclosed to help justify the freeze order. A reasonable training and hiring plan was worked out and was announced. Oglevie called the year contractors accepted it but most labor groups sought modifications and minority representatives reacted negatively.

While the job plan itself is reasonable, the apparent policy of seeking virtually unanimous approval of the legislature before taking action is not. There may never be a time when every craft and every minority organization see eye to eye on every word and article of the proposed agreement. In fact, the odds seem strongly in favor of continuing disagreement.

Whatever happened to representative government? We didn't vote on most of the diverse factions which in effect are determining the conditions of highway adequacy (inadequacy) of our roads. All public officials, from top to bottom, should work to place authority-to-proceed back where it belongs.

Miles Firm Entering Field in Which It Can Deal With World's No. 1 Problem

Miles Laboratories already has considerable stature in the nutrition biochemistry field as a result of its long association with vitamins, fermentation chemistry and the science of enzymes. With its acquisition of Worthington Foods, it has taken the next logical step of putting its knowledge to work in a most important area of the protein component of nutrition.

As the Miles president, Dr. Walter A. Compton, says, "There is growing awareness of present and expected deficiencies, not just quantitatively but also qualitatively, with respect to the protein component of human diets. The new technology we shall develop through this merger, put together with our present competence, can make a really great contribution to human health."

In a world of sharply rising population and declining conventional food resources, this can be one of the most important developments on which this corporation has ever embarked."

Dr. Compton adds, "We echo his thoughts and are pleased that the Quad-Cities are directly linked to a firm which hopes to come to grips with perhaps the single most pressing problem of mankind—the imbalance between the supply of food and the number of people who hunger for it.

It is unique in the nation. And, unfortunately,

PAPER A LINK TO HOME FOR SOLDIER OVERSEAS

To the Editor:

Presently I am stationed in Germany as part of the NATO Forces in Europe.

Being far from home, I miss my wife and family very much. I am writing to you to let you know what is happening back home in Granite City. Here is where the Press-Record comes in as an answer to my thoughts.

Everyone on the staff of your paper really deserves a hand for producing a fine, informative newspaper.

Granite City Press-Record for the excellent publicity.

Volunteer workers at the schools and preschool centers for their assistance and guidance.

Financial assistance. Union Fund for financing the supplies.

Reese Drug Stores for cotton.

Mrs. R. Blankenship and Mrs. H. Zevallous, the Granite City Fairgrounds, for their assistance and cooperation.

I regret that space and space do not permit me to enumerate or individually thank all those who have assisted me in aiding the program. These are the concerned people and deserve the respect of the entire community.

In spite of the heavy penalties imposed by the law and in

consequence of active law enforcement efforts, the manufacture of "moonshine" whisky and other drinks with a kick in them is continuing in the Tri-City area. Police raided three stills here in operation for two years. The lure appears to be the hope of making big profits.

Worthington Foods Subsidiary of Miles

Walter A. Compton, M.D., President of Miles Laboratories, Inc., and James L. H. Rupp, President of Worthington Foods, Inc., last week announced completion of the merger whereby Worthington has become a wholly-owned subsidiary of Miles.

Meeting in Worthington, O., shareholders of Worthington approved the merger at a special meeting called for the purpose. Under terms of the merger agreement, Worthington will receive 2.25 shares of Miles common stock for each Worthington share. This will involve issuance of 225,000 shares of Miles stock. The present Worthington management will continue as officers of the new Miles subsidiary, and the principal offices will remain in Worthington. Worthington Foods is a manufacturer of the technology of producing textured vegetable protein in foods and vegetable protein beverages. These foods form the basis for nutritionally controlled products to meet the needs of convenience, calorie control and low cholesterol products and markets.

Brief GC Town Board Meeting Cost \$320

In a brief town board meeting Monday night, Granite City council members approved disbursements totaling \$7332 of which \$3900 was for the purpose of \$323 for relief.

Commenting on the session, Mayor Partney remarked, "Well that two-minute meeting cost the taxpayers \$320." He was referring to the per diem fee for each of the 16 aldermen.

Griffith Urges Levee District Act Be Changed

Amendments to a 1907 act of the Illinois Legislature creating the East Side Levee and Sanitary district, which would establish certain police, safety guards and provide police protection, were ordered Monday night by Granite City council members.

Initial contacts have been made with the property owners involved, and no difficulties were encountered, reported by Alderman Dawes. The city engineer is to secure the signatures of property owners.

Starting date for the project has not been determined.

East St. Louis & Intraurban Water Co. asked for an advance notice of the start of construction, Alderman Morel reported.

Left Turn Arrows

Another traffic count at the Nameoki-Tefflin-Johnson road intersection was authorized in a continuing effort to obtain left turn arrows at the busy intersection.

City Engineer Kenneth Kieberger said the highway department wants to meet with members of the council prior to making any decision. Alderman Morel said he could get a green traffic count is three years old and recommended a count be made on a Friday afternoon and evening to obtain peak figures.

Referred to the Street committee was a notice from the state highway department that the highway department does not make such counts on Mondays or Fridays.

tracs, and other district operations.

The state's attorney outlined the present organization of the levee district and major points of the act under which it operates, and said:

"Because of the abuses of this act since the middle of 1968 by the trustees, who have been in control of the levee district, it is a history with this ordinance can no longer afford, even though flash floods may present some hazards to the community."

"Assuming, however, that it is desirable to maintain some kind of sanitary district to handle the drainage of this area, certain safeguards should be written into the act, bearing in mind that no legislature can ever anticipate the needs of the persons who administer the same have to desire to adequately perform their duties."

Griffith said for that reason he believes the act should be strengthened with the reference to the letting of contracts by requiring that all contracts for purchase and construction be submitted to the Illinois Department of Public Works for bidding, for inspection prior to the calling of bids, and that the bids should be opened by the Department of Public Works and Building.

The state's attorney suggested further that "the act might be amended by permitting the people to eliminate the levee

City Obtaining Easements to Improve Johnson Road

Right-of-way easements for the section of Johnson road to be paved this year are to be obtained as quickly as possible as soon as possible, it was ordered Monday night by Granite City council members.

Initial contacts have been made with the property owners involved, and no difficulties were encountered, reported by Alderman Dawes. The city engineer is to secure the signatures of property owners.

Starting date for the project has not been determined.

East St. Louis & Intraurban Water Co. asked for an advance notice of the start of construction, Alderman Morel reported.

Excavation Controls

Alderman Whitmer again called for strengthening the controls for excavating, pointing out that the city's interest is to prevent breakdown of the pavement.

Closer enforcement of the present ordinance was advocated and minor amendments can be made.

The council approved a request by Southwestern Bell Telephone Co. to augment the right-of-way to 50 feet to install a cable, and permission was given Ronald Haldeman to excavate at his home, 3016 Willow avenue, to repair his sewer.

Permit to divert water was approved for B. Dorn Electrical Co. on 18th street at Cleveland Blvd. for an expanded vehicle storage area and for Feder & Huber Furniture store for a wider driveway for parking at 18th and Delmar avenue. Referred to the Street committee was a request from the VFW for a driveway on Washington avenue at 21st street to serve a restaurant.

Referred to the Special Sewer committee was a notice from the state highway department that permanent repairs are to be last week's session of the grand jury in Belleville.

Was Investigator's Aid

Griffith requested Ogilvie and Scott to loan him an investigator "with accounting ability" to aid in checking the district's financial records in an investigation into payment of attorney fees, possible conflicts of interest, administrative procedures followed in awarding contracts,

and other district operations.

The state's attorney outlined the present organization of the levee district and major points of the act under which it operates, and said:

committee is looking into the possibility of using the city's tax base to rent a grade and meet sweepers for the street department to purchase the equipment.

The city said the excavation permit was issued to the city. Committee Chairman Rutledge said he would confer with the contractor, W. C. Wilson & Co.

Wed Council

Wed control along the fenced ditch paralleling East 23rd street and Nameoki road was ordered by Alderman Nonn, who said new type spray would be applied to the ditch.

Partney said it is planned for grass to be planted to prevent erosion.

Sup. Warfield said that before insect sprays are ordered for 2016 Willow avenue, the city should determine if the correct type of chemicals are being used. There is now a ban on use of DDT. The sanitation committee is to look into the matter.

A request by the council was for an ordinance prohibiting vehicle parking along the south side of East 23rd street from Monroe street to Nameoki road, and a request was made for a no-parking zone in front of 2151 Lee street. A request was made for stop signs to be placed on Prairie avenue at Primrose avenue to replace Yield signs, and for a one-way street sign on 23rd street at Center street. Baker requested the Prairie avenue signs, and Green requested the removal of the 23rd street signs.

An ordinance was approved for installation of four fire hydrants to be placed at 2800 Emmons street, 2900 West 22nd street, at No. 42 Del Rio drive and at No. 30 Bermuda lane.

Venice Town Board to Hold Meeting March 31

The regular meeting of the Venice town board, scheduled this month for March 25, will be held instead on the night of March 31 in conjunction with a public hearing on the new bridge budget for the town and bridge fund. Arthur "Cooper" Moore, supervisor, announced today.

Following the combined budget hearing and town board meeting March 31, the town board will meet again at 7 p.m. April 7 for a public hearing on the budgets of the town fund and general fund, and the bridge fund.

Under the old act, the levee board is required to file an annual report with the county judge, the state's warden and the board of the territory. Griffith urged this be changed to require the levee board to report to the circuit court and that the judges of the circuit court be authorized to specify procedures if they fail to follow directions of the court.

Other changes proposed in the law by Griffith would provide that not more than three of the five trustees elected to the levee board could belong to one political party, and that a 10 percent limit be restricted and more clearly defined.

Labor Council To Publicize 'Freeze' Issues

Plans for an intensive public information program regarding the issues involved in the federal freeze on Madison and St. Clair county highway funds were announced today by the Metro-East Labor Council.

The Labor Council—successful to the former Ad Hoc Labor Committee of the majority party who participated in its formation—announced that it will initiate a campaign to inform the public of the issues involved in the federal freeze through a program of training minority workers for highway construction.

David Schaefer, council president, said that "during the past few weeks we have been bombarded with such questions as 'What is Gov. Ogilvie's plan against the highway freeze? What about high construction costs?' What is the relationship between the NAACP and the Labor Council?" and "How soon will the freeze be lifted?"

Schaefer said these questions became particularly significant in view of the recent announcement by the U.S. Department of Transportation that a bill of Ogilvie's plan could serve as a basis for releasing federal highway funds totaling about \$100 million.

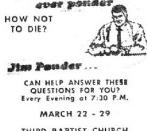

To Inform Public

Schaefer pointed out that the council is made up of individuals "who have been dealing with the problem of racial discrimination since before imposition of the freeze." A step toward solving this problem will undoubtedly be taken at some point in time. We have the obligation to share with the public our intimate knowledge of the issues involved in the highway freeze, including major stumbling blocks to a solution of the freeze."

Schaefer said that the news media and civic groups will be contacted.

"We doubt if there is any group in the United States that possesses more technical and community expertise on the issue of employment of blacks in the construction industry than does the council," Schaefer said. "Our representatives from the council will meet with the Chicago coalition and others regarding this issue and we feel the time is now appropriate to make public our views."

Sp/4 Barron Likes City Flag Which His Request Created

"Although I'm no judge of flags, like the design and think it will be a real good symbol for Granite City," said Sp/4 Gary W. Barron, whose request to Mayor Donald Partney for a city flag to mount on his Army Personnel Carrier in Vietnam prompted a contest among hundreds of Quad-City high school students to select designs for all three local municipalities.

The quest to find appropriate flags was launched last summer under the auspices of the Tri-Cities Chamber of Commerce, which invited students to submit designs of three designs, which were displayed Oct. 28 at the Chamber's annual dinner meeting.

Students whose entries were chosen were Miss Pamela Schaefer, a Granite City high school junior; Edward A. Oates, a junior at Venice high school; and William J. Mullin, a Madison high school sophomore.

A son of Mr. and Mrs. Melvin F. Penberthy, 2929 Forrest avenue, and husband of the Granite City Sp/4 Barron came home more than a week ago to find a messengership from Mayor Partney awaiting his arrival.

Mayor Partney had called my folks about two weeks before and asked them to have me come down to the city hall and visit with him when I got back," the serviceman said.

Talks Between Teachers, Venice Board Continuing

Negotiations, a sabbatical leave and a resignation were among the topics of the March meeting of the Venice school board.

A full year's sabbatical leave to continue graduate studies was authorized by the board of education for Miss Alice Purdes, a music teacher in the Venice school system for the past 15 years.

Miss Purdes was selected by a joint committee of teaching and administrative personnel to be the first Venice teacher to benefit from the new sabbatical leave program.

Three Venice teachers submitted their names as candidates under the new program. Superintendent of Schools John O. Pier informed board members.

Teachers desiring to complete postgraduate work in their specific fields of instruction will receive half-pay reimbursement during their sabbatical. Pier said.

The board accepted the resignation of Willie Walker, a fourth grade teacher, who currently is completing graduate work at the University of Wisconsin. Walker was granted a year's leave of absence last fall to attend the university.

Satisfactory Progress

Negotiations for a new three-year contract are progressing satisfactorily with representatives of the American Federation of Teachers, Board Member Fred Durer reported. Union and board committees have met twice recently since mid-January, he said.

A letter from Local 98 Building Services Employees Union, requesting that discussions open effect clauses in the workers' agreement be read at Monday's meeting and referred to Durer's committee. The current contract expires July 1.

Replies to Aid

Five teacher-aides, employed by the Venice district for periods of up to four years, have asked the board to consider increasing hourly pay from \$60 to \$200 and adding new fringe benefits. Pier said the aides initially were hired with funds provided under a Title I federal program, which since has been substantially cut off. He pointed out available per-

mit employment of only a single aide to help the remedial reading instructor.

Reading, Pier said, "are doing a fine job," Durer commented. "The school certainly needs their services, but I think we'd better look over our financial picture before making any decision on the aide program."

The aide also will be held throughout the summer season at the club grounds located at the end of Rock road, for local participation.

The club meets the third Tuesday of each month at the Lincoln Place Recreation Center, and anyone owning a horse is invited to attend the meetings Monday evening.

SIU Board to Select Architects on Friday

The Southern Illinois University board of trustees, scheduled to meet at the SIU-SW campus between 9:30 a.m. and 1 p.m. Friday, approved clearings on Wednesday, March 25, for "County Institute Day" and on Friday, March 27, already are included on the school calendar, the administrator advised the board.

Income Tax Payments Should be by Check

Use a check or money order to pay 1969 Federal income tax. Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, said today.

Use a cash payment, a check or money order provides a record of payment in case of loss or misdelivery.

Philpott pointed out that payment can be submitted on a money order, cash or money order, and a new payment made.

Checks or money orders should be made payable to the Internal Revenue Service. State security number on the check or money order, the type of tax, and the period covered to help assure your payment is properly credited," the director stated.

Anytime a cash, Federal tax at the same time should be sure to pay them with separate checks, Philpott added.

PFC RANDALL KLEIN
Honored in Vietnam

Mitchell Infantryman Wins Battalion Honors

Just a few weeks after his arrival in Vietnam, a Mitchell infantryman has been selected "Battalion Soldier of the Month," his parents learned this week.

Mr. and Mrs. George R. Klein, 1012 Margaret street, Mitchell, received word Monday from Lt. Col. Warren A. Jones, commanding officer, 21st Infantry Division, informing them their son, Pfc Randall Klein, has achieved the honor.

Pfc. Klein, 20, arrived in Vietnam on Jan. 6 and was assigned to the 22nd Infantry, 21st Infantry Division. The award, granted for the month of February, entitled the soldier to a three-day pass at Vung Tau, a rest area on the South China Sea, southeast of Saigon, and a week's vacation.

To achieve the distinction, Col. Klein was highly recommended by his platoon sergeant and platoon leader, Pfc. Michael J. Schaefer, who appeared before a panel of top company non-commissioned officers and the battalion sergeant major, who were responsible for making the final selection.

The panel, a graduate of Granite City high school, Pfc Klein was highly recommended as a deskman in the St. Louis offices of Southwest Bell Telephone Co. before joining the Army in 1967.

Pfc. Klein wrote the servicemen, Mr. and Mrs. Pfc. Randall Klein, 358-42-7433, Co. C, 3rd Bn., 22d Inf., 25th Div., Ft. McPherson, Calif. 93635.

Special GC Council Meeting Tonight on Sewer Breaks

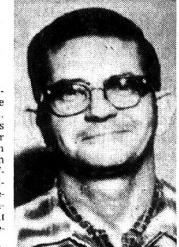

A special meeting of the presently 12 to 15 feet underground Granite City council will be convened at 7 o'clock this evening to discuss the possibility of the Corps of Engineers has to complete replacement of the collapsing Lynch avenue sewer rather than scheduled spot repair.

Finance and Street committee members, other aldermen and city officers met Tuesday with the U.S. Army Corps of Engineers, and there was an indication that the Corps of Engineers would replace two defective lines in the system.

Bids for repair work were opened this month and the low bid of \$208,078 was submitted by A. H. Seeholz, local contractor who has been doing city repair work on the sewer lines.

The late last year, the city obtained estimates that complete replacement of the Lynch avenue sewer, catchbasins and connecting lines would cost \$150,000 to \$200,000.

The estimates also included a new lift station that would be required should the lines be replaced at a higher level to avoid the avoidance of quicksand. The sewers

4th Century Service Set at St. John UC

On Maundy Thursday, the congregation of St. John United Church of Christ will celebrate Holy Communion in a fourth century style, "Tenebrae." In this service of darkness, a single candle on the altar will represent Christ. The events of the Passion of the Lord, the betrayal by Peter, the crucifixion, and the resurrection will be enacted until only the Light of Christ remains. Tenebrae is Latin for darkness. The Chancel Choir will sing the anthem, "Go To Dark Gethsemane." Noble, the pastor, will meditate on the scripture, "How Much Light or Darkness Is In Me?"

The pastor is reminding members of the Union Good Friday service from noon until 1 p.m. at Edgewood United Methodist Church.

On Palm Sunday at 9 a.m., the 50-year and 25-year Confirmation classes are to be recognized. An adult class of new members will be received into the church and a children's class and a youth class will be presented at 10 a.m. Wednesday beginning March 25.

Alfred Bach, a British engineer and efficiency expert turned fashion designer, will be teacher. Bach, whose delightful British accent and style have earned him the title "Master of the Art of Sewing" and "Milk Child of the Sewing World," says his lessons make tasks such as lining a dress as uncomplicated as sewing a button.

Lessons are \$8 for Channel 9 members and \$8 includes a basic dressing book, a basic sewing pattern for all sizes, conversion of the basic pattern, and a 20% discount on the purchase of materials. Bach will be in the studio at 7:30 p.m. March 28 at the Hungarian Hall.

Registration for enrollment and payment may be sent to The Registrar, Ketc, 6996 Highway Blvd., St. Louis, Mo. 63130.

Driver Ticketed

Sandra A. Justice, 2108 East 24th street, was charged with disobeying a police officer at 10:30 p.m. yesterday at Nameoki road and Jill avenue.

At the 10:20 a.m. service the 28 members of the Confirmation Class of 1970 will receive the rite of Confirmation.

Members of this year's class are Elizabeth Adams, Patricia Bade, Susan Brown, Dale Dillard, Dianne Gaines, Deborah Harmon, Deborah Heron, Kim Hodges, Michael Kalter, David Krothe, Mary Jo Lux, Shirley McLean, Mary McPain, Cathy Modlin, Janice Mueller, Deborah Petroff, Jennifer Sage, Michael Schanuel, Michael Stein, Loretta Schaefer, Elizabeth Schmid, Gail Schmid, Vernice Smith, Mary Tolan, John Watcher, Keith Wagner, Norman Werner and Mary Mueller.

Truck Strikes Auto

The left side of an auto driven by Gus A. Rappis, 1308 Edgewood Drive, was struck by a tractor-trailer truck driven by Ernest M. Mills, 4245 Highway 111, at 9:40 p.m. yesterday at Edgewood roads. Rappis was charged with a right-of-way violation.

Problems of Pollution

"Pollution" was the topic of the program given by David Hodesky at Tuesday's luncheon meeting of the Granite City Rotary Club.

The local high school student is a member of GASP, (Group Against Society Pollution), of the student council of Granite City high school.

He spoke on the science of ecology and outlined "the state of affairs concerning air, water and wildlife pollution of the nation," giving several illustrations.

Hodesky urged the members to take individual action by writing to government officials on the subject of pollution and to become active in local efforts with the Pollution Board and City Council.

He spoke on the science of ecology and outlined "the state of affairs concerning air, water and wildlife pollution of the nation," giving several illustrations.

A moment of silence was observed in honor of Muriel Anderson, a long time Rotarian who died Saturday.

Steve Newhall from Duvalle was introduced as a guest of Rev. Jesse Roberts.

In lieu of a cash payment, the members will attend Maundy Thursday services at the First United Presbyterian Church with other service clubs.

Carl Mathias conducted the

business session attended by 44 members and announced the first contract for the modernization of the City Rotunda at the YMCA.

Free TB Chest X-Rays Set for 4 Dates Here

Quad-City residents may take part in a free chest x-ray unit which will be available on Saturday, April 11, at the Dairy Master, 419 Madison Avenue, Madison, April and May. William H. Johnson, president of the Madison County Tuberculosis Association announced today.

This year's county-wide chest x-ray program, financed by voluntary contributions from their voluntary Service Campaign, started last week, with free x-rays Thursday in Venice and in Granite City on Friday and Saturday.

The mobile x-ray unit will be stationed at the Venice police station, Broadway and Klein street, from 9 a.m. to 12:30 p.m. on Thursday, April 2.

On Saturday, April 4, the unit will be at the public square at the city hall in Granite City from 9 to noon and 1 p.m. to 5 p.m. Units personnel will return to the same location on Friday, May 1, for a repeat session.

x-rays taken from 10 a.m. to noon and from 6:30 p.m. to 8:30 p.m.

The free chest x-rays also visits this area on four dates in April and May.

He also pointed out that TB

should not substitute mobile unit chest x-rays for regularly scheduled clinic examinations.

Essentially negative findings are reported to individuals having chest x-rays through the survey. Findings other than negative are reported to the family physician or to the individual at the time of registration.

Tuberculosis suspects are re-

ported to both the family doctor and the Madison County Tuberculosis Clinic. Films are kept on file in the Association's office for ten years and are available to the family physician upon request, Dorsey said.

Congratulating him was Lt. Gen. Lu Lan, commanding general of the Corps, Army, Republic of Vietnam.

The award is given to persons who have contributed significantly to the training and development of the Vietnamese armed forces.

Lt. Col. Stover earned the award for his service as chaplain with the Military Assistance Command, Vietnam Advisory Team 21, working with Vietnamese Buddhist, Catholic

Postal Clerks Cite 20% Lag in Salary

Wages of postal employees will be 19 months and at least 20% behind comparable rates in private industry, a spokesman for the national union of postal clerks said today.

Kenneth Morton, president of Granite City Local 182, United Federation of Postal Clerks, cited several statistics showing that comparable private wages advanced 5.74% last year.

He said that if Congress heeds the Nixon administration budget recommendations by delaying federal pay raises until Jan. 1, the present one-year lag will be lengthened to 19 months.

"The continuing upward curve in the cost of living is responsible for the increasing size of the paycheck," he said. "We need to close the gap," he said. "A pay raise of 20% is now required."

"These figures," he added, "are a long way toward explaining the unrest in the ranks of postal employees who, for nearly a decade, have been promised wage comparability with private industry. They are administrators in a row and are farther away from that goal than ever before."

River Transportation System Here Equal to Any

(Fifth of a Series)

The Mississippi River and its tributaries, because of their location in the nation, a well developed network that is equal to or superior to any in the world, according to the Madison county land use and transportation plan prepared by the Southwestern Illinois Metropolitan Area Planning Commission.

Connections to international commerce is available via the Gulf of Mexico and to the North Atlantic via the Mississippi river.

The Mississippi and its tributaries, the Missouri, Ohio, Illinois, Tennessee and other navigable rivers provide direct access to the interior of the United States.

There are about 70 other specialized port facilities in the Tri-City area. These facilities cover 300 acres on the Chain of Rocks canal and have the potential to serve as nucleus for future industrial and warehouse development.

The records of the U.S. Corps of Engineers show that barge traffic through the locks at Dam 26 at Alton increased about 15 fold, from 1.4 million to 20.8 million tons, between 1938 and 1958.

Since then, the tonnage has doubled to more than 40 million tons, and by 1980 it is expected to increase again to 45 million tons. The increased volume will necessitate the construction of new and larger facilities.

The Corps of Engineers has recommended the construction of a new dam, with two 110x1200-foot locks near Alton. Completion of the project will allow all river traffic to increase.

These facilities are second

only to New Orleans in total

annual tonnage handled in the Mississippi valley. The new

public barge terminals within the St. Louis region, two are

operated by the Bi-State De-

velopment Agency and the Tri-City Regional Port Authority in the Granite City area.
